

FULL COLOUR

# DIGITAL PRINT TEMPERED GLASS

Full colour digital printing means printing in many vibrant colours. The effect is very striking and makes logos and images even more memorable.

The tempered glass provides a beautiful finish to the products. Because the glass is printed on the inside, the print is protected against wear and tear so that your logo or message will be clearly visible throughout the lifecycle of the article.

- Full-colour printable
- Tempered glass protects the printed decoration protected against wear and tear
- Vivid colours
- Printed samples available

## Examples:
