# TOP 5 FACTS

## FLEXIBLE IN SHAPE IN USE.

The Flex Foldable Trolley is the first business suitcase and carry-on luggage in one bag. You can transform it in a matter of seconds! The unique foldable design allows you to expand the bag or to save up to 50% space.

## COMPLEMENTARY LIQUID BAG.

Store your toiletry items in the complementary transparent liquid bag which is fixed with an exclusive magnetic lock. Making it very easy to take out and put this piece back in the bag.

## INTEGRATED TSA LOCK AND USB CHARGING PORT.

Keep your content secure while traveling. The lock is recognized and accepted by TSA. The security is also reinforced with a YKK anti-theft zipper.

Integrated you can find the USB charging port. Simply connect it to a powerbank inside the bag to charge your mobile device. \*powerbank not included.

## WATER REPELLENT.

The Flex Foldable trolley has a water repellent coating. Don't worry about a light rain shower or accidental spillages, the water can't easily penetrate the material, keeping your belongings safe.

## MADE FROM RECYCLED MATERIALS.

Made from RPET materials and Aware technology – using 52 recycled water bottles that would end up in landfill or oceans and saving 31 litres of water during the production process.
